TELL US ABOUT YOUR SERVICES:

Bailey Designs is a full-service architectural design firm focusing on new custom residential, renovations, additions, commercial and hospitality. We are committed to providing design solutions tailored to the unique needs of our clients. We offer complete packages of construction plans for permit applications. In addition to our architectural services, we provide space planning, feasibility studies, material selections, interior design and lighting design.

HOW WOULD YOU DESCRIBE YOUR SIGNATURE STYLE?

Something I learned very early in my career was to appreciate all styles. I'm designing for my clients and their styles. My ultimate goal is to create a space or home that is exactly what they love. My preferred style, and probably what I would consider my own style, would be rustic modern with lots of industrial elements. Krista and Cassie share the same love for a more traditional home and like to incorporate the use of natural elements such as stone and timber. The classic look combined with large symmetrical windows creates a simplistic design they can both appreciate.

HOW DO YOU CELEBRATE THE HOLIDAYS?

To start the holidays we always get together as a team and decorate my 11-foot tall Christmas tree. It is usually a whole day event where we eat cookies, drink hot chocolate, order lunch and open up all the boxes of decorations. It's a fun time to get away from the office and get into the holiday spirit. The holidays always have to be celebrated with a little bit of Baileys. *Continued on page 04*
